06 Scenarios v9b.docx

Hi Phil,

Did not see anything from Ralph, so here is the latest version. I made the change to the stream density reference sentence - see what you think. When Ralph sends his text changes and the references he mentioned, we should be done from things we need from him. Then, we'll have to see what we hear back for added text for Steve's schematics. I didn't think to ask when we thought we'd get that text, so maybe we send to Glenn et al when we're done with Ralph's stuff?

Have a good evening,
Barb
